Once there was a boy named Tim  
who no one believed.

First the ninja crept into the house

When his mom asked him what happened to the last slice of cake, he told her the truth.

"It was a ninja," cried Tim.

...then he kicked it into the air and ate it in one bite.

When his dad asked him where the hammer was,  
he told him the truth.

An astronaut landed in the yard and needed it to fix his  
spaceship. . .

He's got your hammer.
