

# Bird Count Wild Bird Survey

Look for these birds in your area. Count every bird you see or hear, making sure at least two people see or hear it.  
And don't count any bird twice. If you notice any birds not included in this survey, record them on the back of this sheet.

<p>Black-capped Chickadee</p> 		<p>Great Horned Owl</p> 		<p>Downy Woodpecker</p>
