Big thanks to Dr. Carla Dove of the Smithsonian Institution's National Museum of Natural History for her close consultation with me on this book, always provided with such good cheer and enthusiasm. I am also grateful to Dr. Steven C. Latta of the National Aviary for his helpful research assistance.

I soar through the sky and like birds everywhere,

I'm decked out in feathers and wear them with flair.

I boast an outfit of every hue.

My coat has one color,

my jacket has two.
